

We are looking for Chief Technology Officer (CTO) (m/f)

We are looking for a highly qualified, motivated, talented and committed CTO with a long history in technology. CTOs are responsible for making executive technology decisions on behalf of the company, including managing a technology budget and making investments to align the company with its strategic technology vision. You should be a strategic, systems thinker, effective communicator and technology development expert. You will act as a technology expert and make decisions that impact the company's current and future activities.

#whatwedo

Content Garden Technologies is a 2013 founded technology company with the vision to bring digital advertising to a new age. Native Advertising and Content Marketing is our playground where we are one of the major innovators in digital marketing. We are a young team working with great enthusiasm and dedication to change the digital world and our goal is to develop new advertising opportunities that people will enjoy consuming again.
